PENERAPAN PERILAKU HIDUP BERSIH DAN SEHAT (PHBS) PADA SEKOLAH DASAR NEGERI DI KECAMATAN LAPE (KABUPATEN SUMBAWA, NUSA TENGGARA BARAT)

xv + 55 Halaman + 1 Gambar + 5 Tabel

Pada setiap SDN yang ada di Kecamatan Lape, terdapat satu kesamaan permasalahan yaitu masih belum disediakannya sarana penunjang program PHBS yang layak oleh pihak sekolah serta implementasi penerapan PHBS oleh siswa yang masih minim. Penelitian ini bertujuan untuk mengetahui penerapan PHBS pada SDN di Kecamatan Lape.

Jenis penelitian yang digunakan adalah penelitian secara deskriptif dengan sampel pada penelitian ini adalah keseluruhan populasi yaitu 14 SDN yang ada di Kecamatan Lape. Proses pengolahan data pada penelitian ini dilakukan secara manual berdasarkan hasil pengisian lembar observasi dan dokumentasi terkait kondisi di lapangan. Data yang telah diolah selanjutnya di analisis menggunakan teknik analisis data deskriptif dan kriteria klasifikasi PHBS pada tatanan pendidikan.

Hasil dari penelitian yang dilakukan pada 14 SDN di Kecamatan Lape yaitu terdapat 3 SDN dengan klasifikasi strata utama dan 11 SDN lainnya termasuk ke dalam klasifikasi strata madya. Dari 8 indikator PHBS pada institusi pendidikan, terdapat 5 indikator yang belum memenuhi syarat yaitu mencuci tangan dengan air mengalir dan menggunakan sabun sebanyak 9 SDN (64,2%), mengonsumsi jajan sehat di kantin sekolah sebanyak 2 SDN (14,2%), menggunakan jamban yang bersih dan sehat sebanyak 10 SDN (71,5%), membuang sampah ke tempat sampah yang terpisah (21,5%), dan penimbangan berat badan dan pengukuran tinggi badan sebanyak 5 SDN (32,8%).

Kesimpulan dalam penelitian ini yaitu terdapat 5 indikator pada PHBS tatanan institusi pendidikan yang tidak memenuhi syarat. Disarankan agar dapat melakukan penyuluhan kepada warga sekolah mengenai pentingnya penerapan PHBS terkait beberapa indikator PHBS tatanan institusi pendidikan serta penyediaan fasilitas penunjang oleh pemerintah sebagai bentuk dukungan dan partisipasi dalam pelaksanaan PHBS pada sekolah-sekolah di Kecamatan Lape.

IMPLEMENTATION OF CLEAN AND HEALTHY LIVING BEHAVIOR (PHBS) IN PUBLIC ELEMENTARY SCHOOLS IN LAPE DISTRICT (SUMBAWA REGENCY, WEST NUSA TENGGARA) IN 2023

xv + 55 Pages + 1 Image + 5 Tables

In every elementary school in Lape District, there was one common problem, namely the lack of proper PHBS program support facilities by the school and the implementation of PHBS implementation by students was still minimal. The purpose of this study was to determine the application of PHBS in elementary schools in Lape District.

The type of research used was descriptive research with the sample in this study is the entire population, namely 14 SDN in Lape District. The data processing in this study was carried out manually based on the results of filled out observation sheets and documentation related to conditions in the field. The data that has been processed, then analyzed used descriptive data analysis techniques and PHBS classification criteria in educational settings.

The results of research conducted at 14 SDN in Lape sub district there are 3 SDN with the main strata classification and 11 SDN are included in the intermediate strata classification. There were 5 indicators that did not meet the requirements of the 8 indicators of phbs in educational institutions, namely washing hands with running water and used soap as many as 9 SDN (64.2%), consuming healthy snacks in school canteens as many as 2 SDN (14.2%), used clean and healthy latrines as many as 10 SDN (71.5%), throwing garbage into a segregated trash can (21.5%), and weighing and measuring height as much as 5 SDN (32.8%).

The conclusion in this study was that there were 5 indicators of PHBS in the order of educational institutions that do not meet the requirements. It is recommended to be able to conduct counseling to school residents about the importance of implementing PHBS related to several indicators of PHBS order of educational institutions and the provision of supporting facilities by the government as a form of support and participation in the implementation of PHBS on schools in Lape District.
